

ATTENTION ALL TRAIN USERS

Your Rail Users Group has been working tirelessly for the 5 years striving for a better service along the line - one which at least involves 2 trains per hour throughout the day.

From May, 2018 service along this line will be altered: Trains from Mossley will no longer go to Victoria but to Piccadilly cutting off both a direct connection to Ashton and ease of contact to Salford and beyond. Trains will no longer stop at all LOCAL stations but will be subject to what are called skip stops. For every train, 2 of Greenfield, Mossley, Slaithwaite and Marsden will be omitted.
