The weekly Roadworks and Closure bulletin is correct at the time of publishing, however due to the high volume of works currently taking place within the Regional Centre, please be advised that work sites, Traffic Management and Road Closures can change with minimum notice due to events and incidents on the highway.

The text contained within the table above is auto populated from live Greater Manchester Road Activity Permit Scheme (GMRAPS) data. Whilst every effort is made to ensure the information produced in the table is correct at the time of publishing, we are reliant on the information and the correct format being provided by the works Promoter. If you notice any inconsistency with the information above and the works taking place on site then please contact TFGM at roadworks@tfgm.com <<mailto:roadworks@tfgm.com>> who will then provide feedback to the relevant Highway Authority on your behalf.
